NEWSLETTER 14**

**COCKERMOUTH & LAKES  
COLLEGE**

“What a fantastic week this has been”

This was a quote from one of the Chance Camp coaches after another cracking week of great learning and great sport at Cockermouth School and Lakes College during the Easter holidays.

In terms of numbers Cockermouth was just about full up and it was so good to see that the quality of performance and attitude to learning was very high thus creating a wonderful atmosphere whatever the activity taking place.

With higher numbers comes more coaches and with that the chance to spend more time on specific areas that need improvement making for the increased levels of skill.

## **GIFTED & TALENTED A BIG SUCCESS!!**

As we spoke about in the last issue of our newsletter the CHANCE CAMP GIFTED & TALENTED PROGRAMME is designed to work hand in hand with the Primary School PE Curriculum with teachers highlighting their more talented athletes through a specifically designed testing programme and the School using their PE and SPORT Premium to pay for those children to attend CHANCE CAMP.

With 15 Schools using the programme so far we believe the benefits are already evident with the quality of activity and learning at the Easter CHANCE CAMPS of a high level. We really hope that this continues to snowball so please ask at your School if they aren't using the programme.
